**UV-C** 254 NM

## GLR | Germicidal Direct Recessed

### Features:

- Direct germicidal 254nm UVC air and surface disinfection in a recessed lay-in fixture
- For unoccupied spaces only
- Low-wattage, ozone-free, low-pressure mercury lamps
- Electronic ballast specifically matched to lamps for optimal performance and lifetime
- Easy re-lamping process
- Wire guard comes standard

### Applications:

Suitable for most commercial and institutional applications when space is unoccupied:

- Lobbies
- Offices
- Bathrooms
- Hotels
- Retail

### Construction:

- Housing constructed of durable white aluminum
- Stainless steel housing optional
- Polished aluminum reflector optimized for dispersion of UVC wavelength for irradiation of pathogens

### Warranty:

- 3 year limited system warranty - excludes lamps
- Lamps covered under manufacturer warranty

**UVF** **OCUS**

## Ordering Guide:

example: GLR 14 2 36 GUVPLL UNV

Series	Size	No. of Lamps	Lamp Wattage	Lamp Type	Voltage
GLR			36	GUVPLL	UNV
GLR Recessed Lay-In	<b>12</b> 1'x2'	<b>1</b> Single Lamp (1x2 Only)	<b>36</b> 36 Watts	<b>GUVPLL</b> Germicidal PLL Lamp	<b>UNV</b> 120-277
	<b>14</b> 1'x4'	<b>2</b> Two Lamps (1x4 Only)	<b>36</b> 36 Watts		

**Note:** UVFocus products are designed utilizing proven germicidal and anti-bacterial technology. UVC 254nm products work to deactivate most common viruses (as well as bacteria, molds and yeasts), and 405nm near-UV products are shown to substantially reduce bacterial presence. While these products can be considered disinfecting products, they should be used in conjunction with standard, proper disinfecting cleaning procedures to have the greatest impact for maintaining a clean environment. Successful UV disinfection requires a systems approach taking into account dose, optics and safety relevant to the specific application. Please consult with factory any questions or concerns.

**Caution:** Potentially hazardous situation. This product is intended for use in **unoccupied rooms only**. At 254nm, direct UVC irradiation is not safe for humans. Avoid looking directly at the light and take necessary precautions during installation or maintenance of this product. Lamps used in this product contain mercury. Each product ships with warning labels on the fixture and safety handling guides in the cartons. Please read and heed all safety instructions before using this product. Visit [www.lumenfocus.com/uvfocus-safety](http://www.lumenfocus.com/uvfocus-safety) for more safety information.
